

Cookie Policy

What Are Cookies

As is common practice with almost all professional websites this site uses cookies, which are tiny files that are downloaded to your computer, to improve your experience. This page describes what information they gather, how we use it and why we sometimes need to store these cookies. We will also share how you can prevent these cookies from being stored however this may downgrade or 'break' certain elements of the sites functionality.

For more general information on cookies see the Wikipedia article on HTTP Cookies.

How We Use Cookies

We use cookies for a variety of reasons detailed below. Unfortunately, in most cases there are no industry standard options for disabling cookies without completely disabling the functionality and features they add to this site. It is recommended that you leave on all cookies if you are not sure whether you need them or not in case they are used to provide a service that you use.

Disabling Cookies

You can prevent the setting of cookies by adjusting the settings on your browser (see your browser Help for how to do this). Be aware that disabling cookies will affect the functionality of this and many other websites that you visit. Disabling cookies will usually result in also disabling certain functionality and features of this site. Therefore, it is recommended that you do not disable cookies.

The Cookies We Set

When you submit data to through a form such as those found on contact pages or comment forms cookies may be set to remember your user details for future correspondence.

Third Party Cookies

True Engineering may also allow third party service performance and retargeting Cookies, such as the Google Analytics, Google reCAPTCHA, Yandex Metrica, LinkedIn Insight Tag, Google AdWords, Facebook Pixel, etc., to collect information about your online activities on the True Engineering Site and across unaffiliated websites you may visit. This information is used to provide ads tailored to your interests (behavioral

advertising), and to collect information to help track and manage the effectiveness of the ads and number of visitors. This means True Engineering may show ads based on your past visits, through publishing networks, such as the Google Content Network (GCN). More information about these Cookies may be available on the relevant third party's website.

More Information

Hopefully that has clarified things for you and as was previously mentioned if there is something that you aren't sure whether you need or not it's usually safer to leave cookies enabled in case it does interact with one of the features you use on our site.

However if you are still looking for more information then you can contact us through one of our preferred contact methods:
